

REMARKS

The specification has been amended to update continuing application information for the present application. The section in the specification entitled "Brief Description of the Drawings" has been amended by deleting an extraneous figure legend and amending the numbers of the figures in the specification to conform to drawing labels and, with respect to the drawing labeled as Figure 4, for the description to conform to current Patent Office practice requiring reference to the lettered subparts of the formal drawings.

Claims 5-22 in the application have been canceled without prejudice. Applicants reserve their rights to prosecute the subject matter of any canceled claim in one or more continuation, continuation-in-part or divisional applications.

No new matter has been added.

Applicants respectfully request that the above amendments and remarks be entered in the present application file.
